

Tie-Layer Adhesive Resin Solutions for Packaging

ARIA POLYMER

We Offer **Tie Resins** for:

Flexible Packaging Film

Oxygen Barrier Multilayer Films

Rigid Packaging

Mutilayer Bottles & Containers

Coating & Lamination

Laminated Packages

Flexible Packaging Film — Page 2 & 3
Flexible Tube Packaging — Page 4
Rigid Packaging — Page 5 & 6
Coating & Lamination — Page 7

Flexible Tube Packaging

Multilayer Tube Packages

Flexible Packaging Film

Oxygen Barrier Multilayer Film

Processes

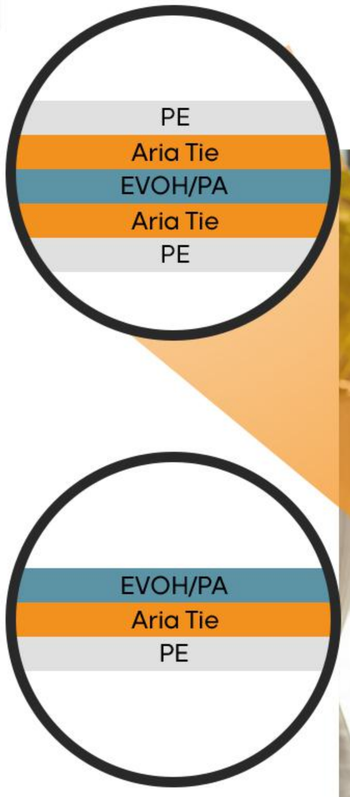

Blown Film Co-Extrusion
Cast Film Co-Extrusion

Applications:

- Meat & Cheese Vacuum Film
- Lidding Film
- Lidding for Dairy & Food

Aria Grades:

4150	5190
Ready to Use	Concentrated

Flexible Packaging Film

Oxygen Barrier Multilayer Film

Processes

Co-Extrusion
Bi-Oriented Film
Double & Triple Bubble

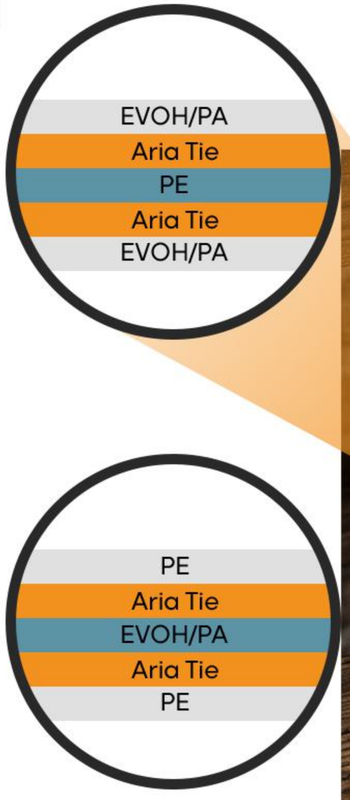

Applications:

- Sausage Casing
- Shrink Bags for Meat
- High-Barrier Skin Film
- Highly Transparent Barrier Film

Aria Grades:

4171
Ready to Use

4150
Ready to Use (eco)

Flexible Tube Packaging

Multilayer Tube Package

Processes

Tube Co-Extrusion

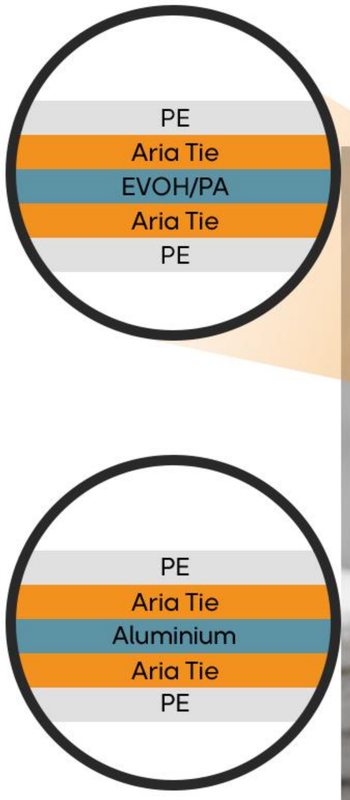

Applications:

- Cosmetic Tube
- Tube for Food Industry

Aria Grades:

4150
Ready to Use

4182
Ready to Use (eco)

Rigid Packaging

MUTILAYER **BOTTLE** & **CONTAINER**

PROCESSES

Co-Extrusion Blow Molding

APPLICATIONS:

- Agrochemical Bottle
- Milk & Juice Bottle

ARIA GRADES:

4150
Ready to Use

4182
Ready to Use (eco)

Rigid Packaging

MUTILAYER **BOTTLE** & **CONTAINER**

PROCESSES

Co-Injection Molding
Thermoforming

APPLICATIONS:

- Food Tray
- Coffee Capsule
- Thin-Wall Container

ARIA GRADES:

4150 Ready to Use	**4182** Ready to Use (eco)

Coating & Lamination

LAMINATED PACKAGE

PROCESSES

Paper Extrusion Coating
Extrusion Lamination

APPLICATIONS:

- Paper Lamination
- Pharmaceutical Packaging
- Liquid Carton
- Aseptic Liquid Carton
- Hot-Fill Liquid Carton

ARIA GRADES:

4150	5190
Ready to Use	Concentrated

There is Always a **Better Way**
